CAR BURNING OIL?

Engineer's Discovery Stops it Quick

Without A Cent For Mechanical Repairs!

If your car is using too much oil—if it is sluggish, hard to start, slow on pickup, lacks pep and power—you are paying good money for oil that's burning up in your engine instead of providing lubrication. Why? Because your engine is leaking. Friction has worn a gap between pistons and cylinder wall. Oil is pumping up into the combustion chamber, fouling your motor with carbon. Gas is exploding down through this gap, going to waste.

SAVE \$50 TO \$150 REPAIR BILL

Before you spend \$50.00 to \$150.00 for an engine overhaul, read how you can fix that leaky engine yourself, in just a few minutes, without buying a single new part, without even taking your engine down. It's almost as easy as squeezing toothpaste or shaving cream out of a tube, thanks to the discovery of a new miracle substance called Power Seal. This revolutionary, new compound combines

the lubricating qualities of Moly, the "greasy" wonder metal, with the leak-sealing properties of Vermiculite, the mineral product whose particles expand under heat. (Up to 30 times original size.)

Just squeeze Power-Seal out of the tube into your motor's cylinders through the spark plug openings. It will spread over pistons, piston rings and cylinder walls as your engine runs and it will PLATE every surface with a smooth, shiny, metallic film that won't come off! No amount of pressure can scrape it off. No amount of heat can break it down. It fills the cracks, scratches and scorings caused by engine wear. It closes the gap between worn piston rings and cylinders with an automatic self-expanding seal that stops oil pumping, stops gas blow-by and restores compression. No more piston slapping; no more engine knocks. You get more power, speed, mileage.

This genuine plating is self-lubricating too for Moly, the greasy metal lubricant, reduces friction as nothing else can! It is the only lubricant indestructible enough to be used in U. S. atomic energy plants and jet engines. It never drains down, never leaves your engine dry. Even after your car has been standing for weeks, even in coldest weather, you can start it in a flash, because the lubrication is in the metal itself. That's why you'll need amazingly little oil; you'll get hundreds, even thousands of more miles per quart.

TRY IT FREE!

You don't risk a penny. Prove to yourself that Power-Seal will make your car run like new. Put it in your engine on 30 days' Free Trial. If you are not getting better performance out of your car than you thought possible—if you have not stopped oil burning and have not increased gas mileage—return the empty tube and get your money back in full.

Power-Seal is absolutely harmless; it cannot hurt the finest car in any way. It can only preserve and protect your motor.

POWER SEAL MAKES WORN OUT TAXI ENGINE RUN LIKE NEW

Here are the Test Engineer's notarized figures showing the sensational increase in compression obtained in a 1950 De Soto taxi that had run for 93,086 miles. Just one POWER SEAL injection increased pep and power, reduced gas consumption, cut oil burning nearly 50%.

	Cyl. 1	Cyl. 2	Cyl. 3	Cyl. 4	Cyl. 5	Cyl. 6
BEFORE	90 lbs.	90 lbs.	105 lbs.	90 lbs.	80 lbs.	100 lbs.
AFTER	115 lbs.	115 lbs.	117 lbs.	115 lbs.	115 lbs.	115 lbs.

BEST INVESTMENT WE EVER MADE, SAYS DRIVER-OWNER

"We simply inserted the POWER SEAL per instructions and made no other repairs or adjustments. Compression readings were taken before and after and showed a big improvement in both cars. As a result the engine gained a lot more pick-up and power which was especially noticeable on hills. What impressed us most was the sharp reduction in oil consumption. In one cab, we've actually been saving a quart a day and figure we have saved \$11.20 on oil alone since the POWER SEAL was applied a month ago. In the other cab, oil consumption was cut practically in half. We have also been getting better gas mileage. All in all, POWER SEAL turned out to be just about the best investment we ever made. It paid for itself in two weeks and has been saving money for us ever since, to say nothing of postponing the cost of major overhauls that would have run into real money." Town Taxi, Douglaston, N. Y.

SEND NO MONEY!

Simply send the coupon and your Power-Seal injection will be sent to you at once C.O.D. plus postage and handling charges. OSSIE IS RIGHT

"WILL ya look at that loud, red convertible and the gook gettin' out of it." Ed gave his buddy, Ossie a hearty smash on the back and as Ossie came up coughing he ogled. "Filbert Heffle, old grind-brain. Where did he latch onto that buggy?" "I can't imagine," replied Ed, "but I wanna see the chicks in the soda shoppe when they spot it . . . and HIM."

Ossie made the sprint in no time flat and was at the soda fountain as Ed puffed in. Filbert was near the magazine stand, sorting through scientific magazines, oblivious to the turmoil about him. The girls were agog. Looking first at the glistening parked convertible and then at the uninspiring Filbert. Slowly, a slim blonde rose from a group of girls and headed for the magazine stand. Immediately Ossie was at attention. "Who's the dazzler?" he whispered to Ed. "She's the new chick, Francie Manning, the one I suggested you take to the club clam-bake," replied Ed. Ossie was bug-eyed, "Wow, if I'd known she looked like that, I'd have taken action sooner." "It doesn't matter," said Ed, "we don't have a car, and we can't drive miles into the country without one." Ossie's eyes were on Francie, "Don't worry about a car, pally. Yipes, now it looks like she's going for that glub, Filbert."

Francie was moving in fast. She sidled up to the magazine rack and purred, "Hello, Filbert. Are you boning up for our chemistry test?" Filbert looked nonplussed, "Why, er . . . yes. I am, sort of." Ossie didn't wait for more. As Filbert's gaze glazed he zoomed over to pat him on the back. "Hi, Fil. I haven't seen ya for days. Say, are you going to the Crazy Club Clambake Saturday night?" Filbert was flustered, "B-but, Ossie, you never spoke to me . . . you don't even KNOW me." "Know you!" exploded Ossie, "why lad, I've had my eye on you for months. Make a good member for the C.C.'s, I've said often. I'll even sponsor you for membership myself." At this Filbert brightened. Ossie was concentrating on Francie and finally Filbert introduced them. Ossie took over the conversation until Filbert made the move to go.

Ed was on the edge of the group by now. "How about a lift in that beaut of a jalopy, Fil?" he asked brightly. "Sure," replied Filbert, "I'm not very used to it, but . . ." "Where'd you get it," piped Ossie. Filbert explained that the car belonged to his uncle who had loaned it to him while he was on a trip. Ossie and Ed exchanged looks and Ossie began talking. When they reached Francie's home, Ossie escorted her to the porch. He had dated her for the clam-bake. They would go in Filbert's car, which he, Ossie, was going to drive. "We'll dig up a doll for ol' Fil to date," he added as an afterthought.

Later Ossie and Ed rehashed the deal. "Man, I can hardly wait to drive that car with that beeee-ooootiful lass by my side," chirped Ossie. "You've got your nerve with ya, pal," replied Ed, "even talking the poor guy out of driving his buggy, much less taking over the best looking babe in the school." Ossie nodded happily. "Talent, Ed. It just takes talent."

Moments later the phone rang. It was Francie. "I just met Filbert, Ossie. I went to the corner store and there he was WALKING." "So?" questioned Ossie. "So, his uncle got back ahead of time and took the car." Silence followed. Then Ossie talked fast but he still wound up without transportation. "Well, never mind," cooed Francie, "I'll make other plans for Saturday." And she hung up hastily. A sunken Ossie turned from the phone. When Filbert called a short time later and began, "My uncle took the car and . . ." he was cut off in a rush. "Can't talk now, Filbert. I'm busy. Sure . . . sure I'll still sponsor you for membership in the Crazy Club. S'long."

Ed called later that evening. "You really got it this time, Ossie," he began. "Filbert's uncle came for the red convertible . . . yes. But Filbert father has a black Cadillac. And guess who's taking Francie to the clam-bake in a black Caddie? Ossie didn't reply, and Eddie added, "How about takin' in that talent contest down at the Bijou Saturday night, Os?"
